"Today, we need a nation of Minutemen, citizens who are not only prepared to **take arms**, but citizens who regard the preservation of freedom as the **basic purpose of their daily life**" - President John F. Kennedy

Minuteman Civil Defense Corps

A citizen's Civil Defense Operation
monitoring the U.S. border, businesses,
and government

The Minuteman movement is a national call to action for all seeking a peaceful and responsible resolution to the chaotic neglect of the U.S. Border by our local, state, and federal government charged with enforcing U.S. immigration law.

Minuteman Civil Defense Corps reminds all Americans that our nation is governed by the "Rule of Law," not by the whims of mobs of ILLEGAL aliens who endlessly stream across U.S. borders.

The men and women volunteering to serve at our borders are those willing to sacrifice their time and the comforts of home to protect their country and ensure that it remains free, prosperous and secure for future generations of *legal* American citizens.

A National Effort

*Operating within the law to support
enforcement of the law*

Chris Simcox has formed a national network of state chapters to legally provide to law enforcement agencies incriminating evidence of deliberate violations of state or federal immigration, tax or employment laws. We accomplish this with volunteers at the U.S. border and in local cities and towns all across the nation that observe, report and protest illegal activities in vigilance, as the President of the United States has requested.

Minuteman Challenge

Join us at the border and support MinutemanHQ because you understand that our government owes the citizens of the U.S. protection from all those who jeopardize our national security, sovereignty and prosperity through illegal migration that today amounts to foreign invasion. We demand that the President of the United States, members of Congress and the Senate enforce a legal immigration process. Our government must secure our borders NOW, maintaining an orderly immigration policy without amnesty.

We the citizens ARE the government, and as inheritors of a civic tradition that has always recognized eternal vigilance as the price of freedom, we are taking responsible action within the limits of the laws of the United States. You can help STOP the invasion of hundreds of thousands of illegal aliens entering the United States every year by joining the Minutemen in doing the job our government refuses to do.

I WANT YOU
as a
MINUTEMAN VOLUNTEER
to **SECURE** the **US Border**

Volunteer or make a donation to MinutemanHQ to change the course of history and to mold a better future for our children, and our children's children.
